***Allowable Subject Matter***

The following is an examiner's statement of reasons for allowance: the examiner has considered the amendment filed by applicants on February 5, 2008 and the arguments therein. The examiner has acquiesced to applicants' arguments. The closest prior art of record, including Krill et al, which was relied upon for the rejection of record, would have lead a person having ordinary skill in the art to conduct the aldol reactions taught by the prior art under hydrogenation conditions. It would not have been obvious based on the prior art teachings, to conduct an aldolization and then subsequent hydrogenation of the resulting condensate, as required by the instant claims. Accordingly, the instant claims are now allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Sikarl A. Witherspoon whose telephone number is 571-272-0649. The examiner can normally be reached on M-F 8:30-6:30.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Yvonne Eyler can be reached on 571-272-0871. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
